RAMBLINGS OF A RABBLE ROUSER

Still Ray Chairman, Arizona Confederation of Motorcycle Clubs

Let me begin by wishing everyone a GREAT 2010! Happy New Year to all!

We are currently printing three issues a year of The Arizona Spokesman. I was thinking back to the last issue and what was going on at that time. I was on my way to Minnesota for the 25th Annual Meeting of the Minds. The Motorcycle Riders Foundation out did themselves once again. Thanks to Cindy Hodges I was able to bluff my way thru another seminar. And if we got any bad reviews, I didn't hear about it. Most important to me this year, I was able to spend many hours with the people who got me started in Motorcycle Rights 35 years ago. Aside from the story telling and trying to recall names and faces, there were some very important lessons to bring home with me. There are certain axioms that hold true today, they are the tools we picked up for the first time way back when and have used successfully many times over the years.

The one tool I want to talk about today is this. MAKE NOISE! I don't mean with loud pipes or yelling at the top of your lungs. I'm talking about drawing attention to your issues. When the Federal government initially mandated helmet laws across the country we bikers had no clue, as far as, how to beat this thing. Easyriders Magazine formed the first ABATE. The Hells Angels MC started the original MMA in California. It didn't take long to figure out that people that looked like us were not going far at the Capitol and we needed 'front people'. Very few, if any of us, knew much about politics. We were into

other things. What we needed was a way to draw attention to our issues. We rode without helmets, got a lot of tickets and fines but nothing changed. Some people gave up riding, some rode without driver's licenses, but nothing changed. We had meetings, we made friends that were running for office and wrote thousands of letters with no results. We didn't have the skills to organize or recruit people. Bikers, as a rule, don't want to sit down and handwrite thirty five letters saying the same thing. Bikers are not the type to whine and cry about the way things are. We tend to accept the law for what it is. And we tend to pay more attention to our own laws and

non Harleys if you can. Keep in mind this was way before Al Gore invented the internet. Remember phone trees? We got results. Politicians were calling us. The Governor assured us he would sign our bill repealing the helmet law. Life was great!

Then we learned that just because they say so, don't make it so. The Governor lied. We worked that year planting yard signs, running errands, getting sponsors for our Bill only to have our bill land on the Governor's desk and he "changed his mind". It was time to make more noise. Within 48 hrs we had a group of over two hundred riders on their way to the Capitol. We had lost that battle but we

eight in the morning. We put one motorcycle in each parking space. If a car pulled out, a bike pulled in. We completely shut down all business in Jerome. By ten o'clock the Mayor met with me and asked us to come to the next town meeting. We agreed and the following Tuesday evening Deb Butitta, Lisa Whitacre, and my self went to the meeting. The first council member's statement was, "we don't know what we did, but we don't want to do it again. How do we fix it?" We were able to advise them of the problem and work on compromises.

A month ago The Arizona Confederation of Motorcycle Clubs held our regularly scheduled meeting in Kingman, AZ. We had been hearing of the discrimination against bikers in Mohave county for quite a while. Bar owners had been threatened with the loss of their liquor licenses unless they adopt a 'No colors' policy. This policy is broad enough to include all motorcycle attire including Harley Davidson logos, American Legion Riders vests, etc. As planned we staged a protest ride to the establishments that had posted these signs. Although we did not have the support of some organizations that had said they would attend, we did have between 450-500 riders (a conservative media guess), many area police cars, several unmarked police and state vehicles, as well as a helicopter! The result being the bars that stayed open changed their policy, the media chose to take our side and the response from the residents was favorable. Once again,

WE MADE NOISE!

rules. Add to that the fact that most were not registered voters, either by choice or otherwise. The short of it being we needed an attention getter, a gimmick, something that would draw attention to the media, the voters, and the politicians as well as involving more motorcycle riders.

We stole the idea from the hippies. We decided to demonstrate. The picture you see with this article sits on my desk. It is a picture of the first helmet protest rally in the '70s. There were over one thousand bikers at this event. We were elated. We got newspaper, television press coverage but most important we got the word out to riders all over. Notice the number of

were learning.

Somewhere around 1997, or so, the Town of Jerome proposed an ordinance banning motorcycles from the town limits. This was because motorcycles were too noisy. There were several things wrong with this idea. The first being State Route 89A is a State Highway and a town cannot ban any vehicles from using them. The second problem being the town had no way of measuring decibels and is built like an amphitheatre so it amplifies noise anyway. Time to MAKE NOISE-pun intended. We got on the phones, the internet, Clubs calling each other, etc. and the next Saturday had hundreds of bikes in Jerome by

There have been repercussions, but I don't feel I should comment further on these here as there are legal cases pending, but the point is this. If you sit quietly in the corner nobody knows you're there. I can't even begin to tell you how proud I feel to be a part of this Confederation. The bottom line is this. There is nothing that speaks louder than action! When needed, the Member Clubs of the ACMC will pull together, unite and take care of business. No more evidence is needed than to count how many supportive ads are in this issue of The ARIZONA SPOKESMAN.

I am sitting here thinking just how proud I am to be in The Confederation of Motorcycle Clubs in Arizona specifically. I have spent the past year going to many conferences and learning so much about motorcycle rights, liberties, and freedoms, but what I have seen RIGHT HERE IN ARIZONA in the past weeks was beyond incredible, amazing, and intoxicating. Seriously! If you would have been in my seat-getting emails, calls, and texts at all hours of the day and night hearing MOST OF THE MEMBERS of the Confederation wanting to "do their part" or "support our

LOOKING AHEAD / MAKING A DIFFERENCE

ACMC" or "what do you need from me" you would be just like me feeling honored to be a part of this HUGE undertaking that StillRay instigated and pulled-off with more success than even he thought could happen. The ACMC in Arizona is unique to us here. I say this because I learned recently that we are the ONLY Confederation that allows MRO's to be a part of our Confederation of Clubs. I always thought that having MMA and Abate in the Confederation was an asset and I took it upon myself to try to bridge the gaps between the members of MMA and Abate all I could during the past few years. I have made many friends this way. And I am sure I have my enemies. But what I also learned in these past months (and is my opinion) is that MMA and Abate have too many internal issues with their state leaders that have caused a break down of both organizations which has seeped into our Confederation. I asked

many times why MMA votes in our meetings and Abate abstains. I questioned the validity of the answers I got. No one quite remembers when MMA started to vote, but I feel they should NOT be allowed to vote. Our issues that we vote on are separate from MMA and Abate. Do we get to have representatives in their board meetings voting on their issues? OMG! Of course we don't. It might look like we are trying to "take them over". So where do we go from here? I would respectfully request that The ACMC be the leader it is and that MMA and Abate get on board or NOT! The lies, deceit, disrespect, lack of integrity and poor leadership in both organizations has been exposed. And as long as the MEMBERS of Abate and MMA continue to allow their leaders to misrepresent and mislead them we will continue to have the "same old, same old" year in 2010 we had in 2009, 2008, 2007, 2006. As a

member of both organizations, I want leaders who will lead, not lackeys or puppets used for one's own personal gain. (And we all know who that is-right?) Too bad MMA and Abate cannot run their MRO like we do. Meaning, the leader is a true leader and respected by ALL who will support him in ANY endeavor he feels is in the BEST INTEREST of the members of The Arizona Confederation of Motorcycle Clubs. And I am excited and thrilled to be walking into 2010 with ALL of the Members of The ACMC to fight for our freedoms, liberties, and rights. Because I know, when the rubber meets the road, we will unite as one and give it all we have until we get what we want! That is why I am looking ahead and plan on making a difference in 2010 with my brothers and sisters along side clearing a path to success and freedom because "WE CAN!"

HOW TO EAT AN ELEPHANT

Copyright © David C. Kopp, 1-1-10, all rights reserved. Contact the author for permission to reproduce.

There is an old joke about eating elephants that is meant to illustrate the difficulty of tackling an issue that has been left unaddressed for too long. The problem we bikers now face with anti-biker discrimination is just such an issue.

For years now, we have seen signs stating "No colors" gradually being posted in more and more places, and we continue to talk about doing something. Yet actual progress has been conspicuously absent.

Who is to blame? My answer to that would be, it's the wrong question. The real questions should be, are we doing the right things, and are we doing enough of them?

Recently, several people have proposed hiring a professional lobbyist to supplement our current group of

volunteers at the state capitol. The reaction to this proposal has varied from support to outright horror. Being the lobbyist in question, as well as a biker and motorcyclist rights organization (MRO) member of many years, I would like to suggest that this proposal has its benefits, some of which should be considered before any rush to judgment takes place.

Those of us who haunt the grounds of the Capitol on a near daily basis know the game, and the players, inside and out. This is not said to take anything away from our volunteers, all of whom do an admirable job within the constraints of their available time. However, this is what we do, and we do it very well. We have access to people and resources that they simply do not have.

We also have a duty to our clients to "get the job done". Though Arizona state law forbids us from making any promises of success,

ethical considerations and simple business sense dictate that we do our level best to accomplish the goal we have contracted for. Because of this, we tend to "think on our feet", and attempt to come up with creative solutions to problems as they arise. There is no "giving up", there is no "put it on the back burner", rather we do whatever we can with the cards we're dealt, as we may not get another chance.

The current issue is a good example. There is, in all honesty, little stomach for a straight "anti-discrimination bill", in other words a bill that would bar the posting of "No colors" signs, at the Capitol right now. The Republican majority sees it as anti-business and anti-private property, and the Democratic minority does not view bikers as worthy of the same "protected" status as ethnic minorities, etc. So if we tried to go for the whole elephant, we wouldn't even have the votes to get it out of committee.

However, there are other ways to move in the right direction. Part of the problem is the issue of law enforcement coercing the owners of licensed liquor establishments into posting these signs. What if we went in with a bill to prevent such harassment? Wouldn't that be better than what we have now? Wouldn't that be a damned good start?

The biggest problem is getting the legislators to believe that these problems are real. That will require the cooperation of some of the folks who work in these bars, folks who have witnessed the harassment and can tell the story to someone who can run a bill. But if we can get that to happen, there are still other ways. Coming up with them is part of my job.

Why?

Because that's how you eat an elephant ...

One bite at a time ...

KINGMAN

By Sky Pilot

We were supposed to leave the club house between 5:30 and 6:00pm, of course it never happened. We finally got on the road at almost 7:00pm and got into Wickenburg just in time to see a pack of bikes pulling out of the Shell station. Didn't get close enough to see the patch, but what a surprise! The new cut-off going around downtown Wickenburg was really a change. Before you went to the OK and turned.

Next stop...Wickieup, the big metropolis, stopped at the Shell station and behold, we caught up with the pack! It was the Medieval Maidens and while we were there a member of ??? showed up. Back on the road, we went past Kingman to Davis Dam road to Katrina Landing and got hooked up with our houseboat that was provided by Seven Crown Resort. We settled in for the night looking forward to the events of the next day.

In the morning I got up, looked at my cell phone and determined that I had plenty of time, and then Buddha spoke up and said the cell

phone was wrong! It was one hour behind. Found out that it was working from a Nevada cell tower. We had to hurry, Kingman was 35 miles away and we didn't know where we were going. Stopped at the Chevron station near I-40 to ask directions, the lady behind the counter looked up the number and called the American Legion, handed the phone to me so they could give me directions. Now it was time to find a place for breakfast, found a fifty's style place called Ed's Diner, good food and good service. After breakfast I was dropped off at the American Legion for the board meeting and Buddha took the truck to get eats for that evening.

We got word that Sonny got popped on the way in for disobeying an officer. The HA was pulling over, Sonny put his kickstand down and got off his bike, then was told to get back on his bike and he refused. The regular meeting started and I noticed that Buddha was about 3/4 of the way in back, after the meeting he said he was late because he was popped for being 7/8 of a second too close to the truck in front of him and made an improper lane change.

They played 20 questions on the side of the road.

There were 6 places on the map to visit, it was determined that the group would go to Chuy's and the bowling alley. Both places lifted the "no colors" ban; actually all but two of the establishments had removed the "no colors" signs. Mad Dog's was closed for the day "doing spring cleaning"!!

There were 4 helicopters, at least 1 fixed wing airplane and patrol cars at every corner and alley. The manager of Chuy's told us that it was DPS, not the Gang Task Force pushing the "no colors" because they didn't want the HA to start a chapter in Kingman. After about an hour we left to get more supplies, then to the other "no colors" ban, The Sportsman. The first person we met was Lady Jewel, she told us that the bar ordered her to leave because she asked where their "no colors" sign was (it was on the back door). Desert Thunder, Desert Road Riders, Limey Riders and others were denied entry into the bar. Some of their regular customers that were talking to the bikers were

told to leave. The owner called the cops, they showed up about 15 strong, but the owner of the place next to the Sportsman came out and said that we were welcome there, so it was a stand-off after some more bikes came and parked on the other side of the cops they decided to leave.

I collected the discrimination cards and packed it in. It was difficult but we forced ourselves to go back to the houseboat with Tim O'Reilly to barbecue and party. A good time was had by all. Made plans with the resort to be back there for next year's ACMC meeting.

Follow up on protest:

The Kingman protest was a success, but only a handful of forms have been returned. We need completed forms to pursue discrimination claims. If you or your group is pulled over for anything that isn't justified, we need to hear from you. The forms must be completed and returned to me. If you can get them from more than one restaurant or bar it will reinforce our claims of discrimination. Please return them!

LOBBYIST REPORT: SEPTEMBER-OCTOBER

I've had three lobbyist meetings, two ADEQ, two MDATD meetings and the Meeting of the Minds. Meeting of the Minds was one of the best conferences that I have been to. It covered everything from DUI sentencing to the Defender Program.

I would like to announce that T-MAN from the Vietnam Vet/Legacy Vet MC is the Field Defender for the ACMC. Please get in touch with him or me if your club has not signed up for the Defender Program.

For the MDATD we need two clubs to volunteer, one to register riders and the other for trash detail. If you are planning to attend MDATD please make an appointment to meet with your representatives that day, so you can be sure to talk to them.

The lobbyist team is working on these issues:

- * discrimination
- * vertical plates
- * emissions
- * right of way
- * right to repair
- * HIPAA

* extended yellow lights

On the vertical plate issue this is how the law reads: 28-2354 B, a person shall maintain each license plate so it is clearly legible. A person shall securely fasten each license plate to the vehicle as follows:

1. to prevent the plate from swinging
2. at the height of at least 12 inches from the ground to the bottom of the plate.

3. in a position to be clearly visible

C. A person shall maintain each license plate so that the name of this state is at the top of the license plate is not obscured.

D. A peace officer shall not stop or issue a citation to a person operating a motor vehicle on a highway in this state for violation of subsection C of this section unless the peace officer has reasonable cause to believe there is another alleged violation of a motor vehicle law of the state.

ACMC MEMBERSHIP CRITERIA

- 1) No cop clubs or members in law enforcement
- 2) Your club must originate in the state of Arizona
- 3) Your Club must be an active participant in the State of Arizona for a minimum of three years.

Having met these requirements,

you may then ask for a time slot on the agenda of a regularly scheduled meeting of the ACMC. There is a \$200.00 seed money for new Clubs and \$100.00 dues paid annually.

ACMC Mission Statement

The ACMC is made up of Arizona Clubs and organizations which have

come together in unity to facilitate and broaden communications amongst its members and within the riding community and general public. It serves to educate both riders and non-riding public of all the positive aspects of motorcycling and to warn against and oppose any intrusion upon their rights. It will accomplish these goals by any lawful means necessary.

If you are trying to start a new Club for the purpose of ACMC membership we suggest you contact Clubs in your area. This relationship will be useful as the Member Clubs are familiar with protocol and can be helpful in introducing you to others as well as informing you of upcoming events, functions, etc.

LETTER TO THE EDITOR

I didn't want to go public online to StillRay until I have some facts to work on regarding the qualifications of the MMA-AZ and ABATE of Arizona as members of the ACMC. The question is: Is the MMA-AZ and ABATE of Arizona voting members the ACMC? As I recall only CLUB members are allowed to vote and Associate Members like the MMA-AZ and ABATE of Arizona must abstain from any voting privilege regarding club matters. However, they are allowed to voice opinions. The reason behind this was based on the fact that associations do allow police and other law enforcement agencies to be members of their associations.

AS POOH SEES IT

"Reflecting on the past year my thoughts remind me that miles make brothers, good times make memories, tough times that make us strong, and it is honor that binds us.

You may not believe as I do. That is your choice. But celebrate none the less for it is at Christmas that

we celebrate the birthday of a man that taught peace and love. It is this season that stands for giving.

May all who touch my life and yours, even the ones who's touch have been less than desirable, be blessed with health, prosperity, peace, and love now and through

out the new year."

Love & Respect,
"Pooh Bear"

"If you don't know what to do,
know what not to do."

Thanks!

SOBER RIDERS MC

Sober Riders MC has been quite busy the past few months with our own runs, participating and supporting other ACMC club sponsored runs as well as the Protest Run in Kingman in November. Although it's been chilly, and sometimes downright cold, we've had a lot of fun riding or caging to events in Tucson, Yuma, Kingman, Bullhead City, Mesa, Phoenix, Cave Creek and Black Canyon City.

While the economy has had an effect on attendance, we appreciate everyone who showed up for our Take It To The Streets run in November. The dancers were happy to see everyone who tossed a couple of bucks their way as evidenced by the show they put on.

The New Year will be just as busy with support of ACMC member

club events in January, February and March. For 2010 we will host our annual Run To The Sun in Tucson, where it all started for our club. After that it will be the start of a new riding season filled with runs, parties and fund raisers and before you know it, we will be at NCOM in large numbers again.

Sober Riders MC is steadily growing. We even have a charter in Hawaii, just in case anyone wants to visit us there. We remain strong, continue to grow and we support local confederations and coalitions where we have charters.

May all of you have the best of times now and through out the New Year.

Peace and Joy

GETTING TO KNOW US

WE ARE TRIPLE THREAT TC, TOM/BALDYLOCKS & BILL/CHIEFBILL STARTED AS A GROUP OF TRIKE RIDERS BELONGING TO BROTHERS OF THE THIRD WHEEL (BTW) TRIKE ASSOCIATION. AFTER ATTENDING A LOT OF EVENTS HELD BY LOCAL MOTORCYCLE CLUBS ALL BELONGING TO THE ACMC (ARIZONA COALITION OF MOTORCYCLE CLUBS) WE REALIZED THERE WAS MORE TO SHARING THE ROAD THAN JUST A SUNDAY RIDE. WE HAD RIGHTS ON THE ROAD EQUAL TO EVERYONE ELSE AND WANTED TO PROTECT THOSE RIGHTS.

FORMING A CLUB WAS NOT JUST FINDING A BUNCH OF TRIKE RIDERS AND SAYING HEY LETS ALL WEAR THE

SAME PATCH. THERE WAS ALOT OF INVESTIGATING AND MEETING OF RIDERS UNTIL WE FOUND THE GROUP IN WHICH WE WANTED TO FORM THE BROTHERHOOD AND COMRADEIRIE THAT IS REQUIRED TO FORM A CLUB. AFTER BEING INVOLVED IN BTW FOR MANY YEARS WE'VE FOUND ALOT OF PEOPLE WHO HAVE HAD THE SAME DESIRE TO MOVE UP IN THE MOTORCYCLE WORLD HEIRIECHY BUT MANY DID NOT HAVE THE COMMITMENT OR DRIVE TO IMMERSE THEMSELVES INTO THE CULTURE TO DO WHAT IT TAKES. WE BELIEVE WE HAVE FOUND THE RIGHT PEOPLE AND NOW WE HAVE FORMED THE FIRST EVER IN ARIZONA TRIKE CLUB.

PICTURES FROM THE KINGMAN PROTEST

"ANGRY BIKERS CONVERGE ON KINGMAN" SHOULD HAVE READ "PERSISTANT POLICE PESTER PATCHES"

A special thanks should go out to the state "getum" task force, dps, & kpd for the 1 on 1 service they offered to the members of the AZ CONFEDERATION riders that took time to come up to our little neck o the woods, Kingman! Never had so many riders feel so safe and secure, again thanks!

The American Legion hall happily welcomed all of us and the way to the American Legion were clearly marked with late model suv's cars and trucks all smartly tinted. Only the best state money can buy. Our escorts should be comfortable; they were in for quite a

day!

The always peaceful coalition meeting went off without a hitch although at the end it became a bit hard to hear Still-Ray over, "what's that"? The droan of a helicopter was overhead. Please!

Then it was time for the game of fox and hounds to begin. Off we bolted on our bikes thru the streets of Kingman to see who would accept our hard earned money. Why would that be a problem, you ask? Oh I forgot to mention, many bars and businesses had posted a no colors policy. Well when 500 bikers show up to pay for \$3 beer and \$10 for

a burger it's only an ignorant businessman that won't reconsider a policy that may have been pushed upon him by an unnamed gang! We were accepted with open arms at Chuy's on Stockton Hill Rd. We were ready to ride to another no colors bar but a quickly placed phone call let us know that they were closed for "fall cleaning". Onward to downtown Kingman, another no colors bar turned us away. Forms were filled out and thank goodness the Brunswick Hotel next door welcomed us with open arms. Off again out of town to the Cattle Crossing in Golden Valley, AZ

for a final farewell to a great gathering of grateful bikers that came to Northern AZ to attend the Desert Road Riders M/C hosting of the ACMC meeting.

Alas this doesn't end on a happy note, because one of our brothers "Stony" was awakened with a bang at his door and the "gitm" boys took him away on trumped up charges. And as we speak he is still a guest of Mohave County Jail. A special thanks from the Desert Road Riders MC to all the brothers and sisters that ride! Keep up the battle for our rights! And keep the faith. "Later" DRRMC.
